WE ARE EVENT PRODUCERS ...

where excellence is endless and creativity comes alive.

Professional Neon is more than just a production company – we're your partner in the successful show process. We are here with you to develop concepts, create content, provide site plans, renderings, coordinate with the venue, create custom scenery, or even customize our stock sets. We are a full-service event production and design firm. We have a large inventory of sound, lighting, LED, and video equipment.

Better position your business in the market with our design and fabrication services. Professional Neon is a sought-after manufacturer of exhibition booths for exhibitions in Dubai or anywhere else in the rest of UAE or across Middle East. We help companies across a diverse range of industries increase their return-on-investment when participating in trade fairs, ensuring that they have the materials necessary to capture the attention of their audience and open doors for their business.

We understand that appearing at a trade show can be of significant benefit to any organisation, and want to help businesses of every size capitalise on this opportunity. At Professional Neon, we pride ourselves on our ability to develop a solution for projects of every description and businesses on every budget. Discuss your requirements with our team and discover how we could assist you.

HELPING YOU ACHIEVE YOUR BUSINESS GOALS
